

The Course

The aim of this qualification is to enhance the skills developed in the Level 3 AAT Diplomal. You will look at financial statements for limited companies, complex management skills and specialist learning areas.

Upon completion, you will automatically become an AAT affiliate member and with relevant work experience will qualify for AAT full membership.

The course will prepare you for work in a wide range of accounting/financial environments. The AAT qualification meets the entry requirements of the Chartered Accountancy bodies and provides the perfect opportunity for further career development in this field. This course is suitable if you have completed the AAT Level 3 Diploma and wish to develop your accounting skills further.

This level includes six modules of which four are compulsory and two from a choice of special modules, which means that you can focus on the areas of accounting that suit you.

What the Course Leads to

What courses can I do after this?

On successful completion of the 6 AAT level 4 modules, you will gain exemption from certain modules of the chartered acccoountancy qualifications.

What do I need to apply

Course Content

Course Content

This compulsory module is about, understanding the role of accounting in an organisation, and why internal controls should be in place. You should be able to recognise systemic weaknesses where errors or fraud may occur. A case study will be used in the Synoptice assessment. The synoptic assessment will also contain elements from Financial Statements, Management Accounts: Decision and Control and Budgeting along with Ethics.
