

The Course

In brief...

To become a fully qualified Electrician candidates are required to complete the Full Electrical Diploma. For those who do not have access to an employer or wish to gain an initial grading in the Electrical trade the Level 2 Full Time Diploma provides an excellent introduction to the work involved and enables the successful candidate to progress onto a Level 3 Apprenticeship.

What the Course Leads to

**What courses can I do after this?**

Gaining this qualification will improve your prospects of finding employment or apprenticeship training in the electrical installation industry. In order to become fully qualified, further part time study will be necessary.

**What jobs can I get?**

You will need to continue your studies to become fully qualified.

What do I need to apply

**To do this course you should have...**

You will require a minimum of 4 GCSEs at grades A\*-D including English and maths grades 9-3 (formerly A\*-D) and science for some programmes or have achieved a Level 1 Functional Skill in English and maths.

**What about work experience?**
