## Media make-up

### Get creative with a make-up brush

If you have a keen sense of colour and creative ability then our Hair and Media Make-up courses are right for you.

Based in our professional Make-up Studio, our courses provide the skills and access required as a starting point for a career in film and television work, stage, display and make-up services and other media purposes.

You will also get the opportunity to research and develop make-up design ideas of your own for your portfolio.

Depending on the course you choose you will gain knowledge and practical experience of:

- Applying airbrush make-up to the face
- Nails and eyes
- Camouflage makeup
- Media make-up
- Fashion and photographic make-up
