## Student Testimonials and Successes

### What do our hair and beauty students think?

"I've learned so many skills that go beyond cutting, colouring and styling - from business management to the psychology of what makes people buy. There are so many more options open to me than 9-5 hairdressing. I could start my own salon, go into teaching, do TV hair styling and makeup ... the opportunities are endless."

**Elley Armstrong - Hairdressing student**

"Our tutor is nice and friendly and has helped me to get everything done. She explains everything in depth so it's easy to get used to things. I have enjoyed meeting new people and learning new skills and seeing the results of different treatments."

**Roxanne Phillips - Beauty student**

"I have really enjoyed Level 2 Hairdressing. I have built on what I have learned in Level1, especially cutting, and am looking forward to starting Level 3."

**Ricky Henderson - Hairdressing student**

"I really enjoyed my level 3 course. I have been developing new skills and working on real clients, it has given me a lot more confidence to go out into the beauty industry. The tutors are very supportive; we have done a lot of enrichment activities that enhanced my course. It has been really worthwhile and I highly recommend this course."
