Safeguarding

You have the right to be and feel safe.

We have a duty of care to all students on campus.

[Safeguarding Policy](#)

Our approach to Safeguarding

Bournemouth & Poole College is committed to embedding Safeguarding across the whole college.

The College recognises that all students, particularly children, young people and vulnerable adults, have a fundamental right to be protected from harm, exploitation and discrimination, to ensure that they feel safe and capable to attend college and successfully complete their courses.

The College provides an inclusive environment which promotes equality, self-confidence and ensures that students feel valued and respected. The College also endeavours to show support and give students an understanding that their concerns are listened to and acted upon.

The College is committed to ensuring that best practice is adopted when working with all children, young people and vulnerable adults, and is dedicated to offering them support and protection. The College accepts that it has a legal and moral responsibility to fulfil its duty of care, by implementing procedures to safeguard students' well-being and to protect them from abuse.

The College ensures that all staff, Board Members, volunteers and contractors at the organisation understand the importance of working in partnership with students, their families/carers and other agencies. This measure is completed, to promote and safeguard the welfare of children, young people and vulnerable adults at the College.
