Volunteering

Make a difference

Give something back to the local community while doing something that interests you!

Employers value experience and volunteering experience on your CV might be the thing that sets you apart in a competitive job market and gets you the job of your dreams!

We run three community days each year, during which hundreds of students get involved in local volunteering events. We also have placements throughout the year, from day or week-long experiences to course-related options that run for 12 months.

We are always looking for new volunteering opportunities, and are currently working towards setting up international voluntary schemes.
