

School Leavers

We do things a little differently!

If you're looking at this page, then you're already considering alternatives to staying at school. Good choice!

We have a huge range of academic, professional and technical courses for you to choose from, so there's something for everyone! We offer anything from Performing Arts to Professional Cookery, Business Studies to Science, Construction to Graphic Design. So this means you can study a subject that you're really passionate about.

You'll find that we approach things very differently to school. We won't spoon feed you the answers, we expect you to take your studies seriously and take responsibility for them. In return, we'll treat you like an adult and help you to develop as an individual both academically and socially.

You'll be taught in incredible facilities by specialists who really care about their subjects. You will have access to extra-curricular support, revision sessions and Student Support Mentors, giving you the very best chance of success. We also work closely with local employers and universities to enhance our courses and prepare you for the next step in your career.

So what do we offer?

Don't worry...it's not all about work!

Although you're coming to our College to get qualified, it's not all about work.

We have tons of other exciting things happening on campus so you won't want to miss a day! Have a look at what [student life](#) is like.

Come and see us

Our Open Events are a great opportunity to explore outstanding facilities, get expert careers advice and to meet staff, students and leading employers. [Find out about our next Open Event.](#)
