## Schools Liaison

### Helping you to discover your future

The College's School Liaison officer can help school leavers to achieve their goals.

The School Liaison officer at The College works closely with schools to help young people make informed decisions about their future.

We can talk about 16-18 and Degree Level options on offer at The College, give advice on the application process, and generally offer guidance to allow young learners to progress with their education.

The College works with schools in Bournemouth, Poole and the surrounding areas.
