

## Accounting and Finance

### Money, money, money!

If you're looking to embark on or progress in an Accountancy or Finance career, our internationally recognised qualifications can make it happen.

As one of the largest providers of [AAT](#) tuition in the UK, we have built strong relationships with local businesses both in the private and public sectors. We work hard to maintain and develop these relationships so we can offer you the best connections to industry professionals. Our accounting apprentices are drawn from local businesses such as Sunseeker, Morris Lane and Inspire.

The AAT, the UK's leading qualification and professional body for professional and technical accountants, constantly liaises with employers nationally to ensure their syllabus remains relevant and challenging. This means the skills and knowledge you're gaining will be immediately relevant to your career.

We offer all levels of the AAT Certificate and Diploma qualifications, including the [Online on Campus](#) which offers a flexible approach to learning.

## Online and On Campus - flexible AAT study

Our past students have gone on to work in a range of industries and public practice. There are 1,3000 Finance Administrator jobs in the region, proving that there is plenty of opportunities in this sector. Many have progressed to take the Chartered Accountancy qualifications and some have started up their own accountancy firms.

  INTERNATIONAL ASSOCIATION OF BOOK-KEEPERS IAB Qualifications for business	<p>Our qualifications are awarded by the Association of Accounting Technicians (AAT) and the International Association of Bookkeepers (IAB).</p>
