What do our students think?

What's it like to study KS4 at The College?

We think it's great, but don't just take our word for it! Our students give you their thoughts.

Every year we run a student survey to find out how KS4 students feel about The College. This ensures that year on year we can continue to improve our offering and support for students by listening to what they have to say.

"Coming to college is the best part of my week; I look forward to being out of school and being treated like an adult."

"College is great and grown up!"

"I have learnt new skills and am applying to continue after school."

"I had been removed from school as I didn't get on with my teachers; college is much better as I get to learn new skills and am treated with respect."

"I love it."

"I really enjoy the varied days and learning new skills."

"I continually learn lots of new things."

"Learning to be self-motivated."

"Mixing with new people at college and making new friends."
