NHS Apprenticeships

Apprenticeships in the NHS

Get a qualification if you're already working in the NHS

If you're working in a healthcare role within the NHS, you can apply via your training department to one of our NHS Apprenticeships.

We have dedicated training facilities within our Care Innovation Centre, equipped to provide specialised training in Healthcare. This enables learners to gain nationally accredited qualifications, update their skills and progress in their career in the Health Sector.

These Apprenticeships can also enable progression within the NHS, for example nursing etc.

Apprenticeships are available in any of the following pathways:

- [Healthcare Support Worker - Level 2](#)
- [Senior Healthcare Support Worker - Level 3](#)
- [Support Services in Health Care - Level 2](#)
- [Support Services in Health Care - Level 3](#)
- [Assistant Practitioner \(Health\) - Level 5](#)
- [FdSc Nursing Associate](#)
