## Top University Destinations

With so many universities to choose from, making the right choice can be daunting. These are the top destinations and subjects chosen by our students in the last couple of years.

Our students have gone onto university all over the country including Salford University and University of Essex. Others students have decided to study closer to home choosing Bournemouth University and University of Southampton.

Students have chosen to study a huge range of subjects including Accountancy and Finance, Marine Biology and Oceanography, Marketing, Adult Nursing and Mathematics to name a few. Click on the image to expand and discover the diverse opportunities that are available when you study with our Sixth Form.
