Aaron Corbin, Access to Forensic Science

What does Aaron think?

If you're considering an Access to Higher Education (HE) Diploma but not sure if it's for you, read Aaron's story to hear his experience.

Aaron Corbin, age 32

Access to Forensic Science

“The Access course is an essential stepping stone in allowing me to go on to university, and ultimately fulfil my career aspiration which is to work in the field of Forensic Science.

The course is fast paced and challenging, but the tutors are approachable and happy to answer any questions I have.

I am thoroughly enjoying it. My boundaries are constantly being pushed and my knowledge base is increasing lesson by lesson. By the end of this course I believe I'll be fully prepared for the next stage of my journey, university.”
