Degree Level

Be inspired to turn your passion into a career

If you're looking for the option to study alongside working, our affordable, degree-level options could be the solution for you.

We offer a range of part-time courses with fewer study hours each week for those people where full-time study is simply not an option. We also have some evening courses which can work around your family and existing commitments. All of our degree-level programmes are designed in a way that they're accessible to real people with real lives.

Located in beautiful Dorset, with award-winning miles of sandy beaches and countryside, we offer a unique learning experience that allows you to achieve your career goals. With smaller classes, lower fees and access to industry leading experts who want to support you with a personalised teaching approach, we can tailor the course to you.

Our students benefit from our close links with local businesses, live employer project briefs and work experience opportunities. Discover our award-winning Students' Union and our partnerships with [Arts University Bournemouth](#), [Bournemouth University](#) and [University of Wolverhampton](#)

So whether you're looking at your options after BTECs and A Levels or looking for skills to progress your career, our exceptional Foundation Degrees, HNC, HND, BA (Hons) and BSc (Hons) courses will provide you with the skills and knowledge to set you apart from the competition.

Check out our courses [here!](#)

If you don't already have the formal qualifications to start a degree, then our [Access to HE courses](#) could get you on your way.
