#### What is a HNC/D?

HNCs and HNDs are work related, internationally recognised undergraduate qualifications. They focus on 'learning by doing' and give you the skills you can use in a particular job. Highly valued by employers, they cost significantly less than equivalent courses at university and you have the added benefit of flexibility rather than making a three or four year commitment.

You start off studying the HNC (Level 4) for one year before progressing on to the HND (Level 5) for a further year.

After completing your HND with us, you could top up your qualification to a full BA (Hons) at Solent University.

- HNC/HND Graphic Design - progress onto BA (Hons) Graphic Design or BA (Hons) Illustration
- HNC/HND Photography progress onto BA Photography or BA Fashion Photography

“Solent University is delighted to have signed a Progression Agreement with Bournemouth & Poole College. The agreement recognises the excellent teaching and learning taking place at the College with regards to their HNC and HND offering, and will allow students on certain courses to ‘top-up’ their qualification to a full Bachelor’s degree at Solent. We look forward to working with the College going forward, and paving the way for closer collaboration between our two institutions.” **Rhys Phillips, UK Student Recruitment, Events and Enquiries Manager, Solent University**
