Engineering facilities

Engineering is a growing industry and jobs are expected to continue to rise in the coming years. We offer a wide range of Engineering courses from Marine to Fabrication and Welding through to Electronics. Our facilities help students gain the skills they will need whether they continue into a career straightaway or decide to go onto university.

Engineering facilities:

- Fully-equipped welding bays
- Lathe and milling areas
- Electronics training facility
- AutoCAD classrooms
- 3D printing facilities
- Surface-mount, rework and soldering equipment
- Specialist equipment including a Caterpillar Marine Power diesel generator and Cobham air to air refuelling pod
