Care Innovation Centre

The Care industry is expected to continue to rise, so the demand for fully trained staff will increase too. At its heart, the Care Innovation Centre trains students to the highest level and equips them with the knowledge of working with industry standard equipment and within real life environments.

Health and Social Care facilities:

- Practical rooms with equipment found in hospitals and care homes including beds, wheelchairs, walking aids and hoists
- Dummy models to practise skills on

Childcare:

- Practical classroom
- Learning aids such as toys and books

Dental Nursing:

- Practical dental teaching room set up like a dental surgery
- Industry standard equipment
