

The Course

In brief...

Official data showed that over 7,500 people were referred to the Prevent programme in 2015/16. The purpose of this qualification is to support anyone who is responsible for the safeguarding of people and for helping prevent radicalisation. It gives learners an understanding of recognising the signs of abuse, how to reduce the risk of radicalisation and the potential consequences of illegal online activity.

Who is it for?

Whether you're interested in learning for work, career progression or self-development, our range of nationally recognised courses provide a flexible blended approach to your learning.

For each qualification the learner receives a hard copy/learning pack, which contains all the theory and knowledge a learner will need to achieve these Level 2 qualifications. We use an online learning platform known as eAssessor to submit your answers to the course, the course is broken into topics/sections and you submit your studies to your assessor for feedback as you work your way through.
