Home > Bournemouth & Poole College's Students' Union comes out on top at UnionCloud Awards 2020

Thursday, 24 September 2020

At this year's UnionCloud Awards, Bournemouth & Poole College's Students' Union (BPCSU) won 'Best FE Website 2020'.

BPCSU's website was recognised for this award because of its fantastic scope and detail across the site, as well as for its carefully considered navigation and content structure.

Brian Stewart, Student Engagement Co-ordinator at Bournemouth & Poole College, said: "I don't even have words to describe how honoured we are to have won the Best FE website 2020 award. This award shows that we are investing and listening to our students so they have the very best experience at the College. As we move forward with this fantastic platform we will be working with students to further develop our website to be the one stop shop for student life at the College."

BPCSU launched their new website this summer, working closely with UnionCloud to ensure that students have a seamless experience online.

Tony Payne, FE Community Manager at UnionCloud, said: "Bournemouth & Poole College have always blazed a trail as an SU in Further Education; being one of the only unions to have completed the NUS Quality Students' Union accreditation and to have won numerous awards. Having them add UnionCloud to their operations shows how they understand where they can continue to develop their reach and engagement with their students."
