

The Course

In brief...

Perhaps you fancy being a Web Designer, a Programmer or does creating computer animations appeal? This course offers an exciting opportunity to gain a foundation in IT that could lead you to your dream career.

After a successful year on Level 1, you could progress to our Everything IT Level 2 course.

As part of the course, you will complete a Mathematics and English qualification which will further help to prepare you for employment.

Who is it for?

Anyone who has an interest or a flair with IT and who wants to explore the employment opportunities using IT skills and knowledge.

What the Course Leads to

What courses can I do after this?

You have three progression routes:

- Level 2 qualification at The College
- Employment in IT Industry
- Apprenticeship training with opportunities for further part time study

What jobs can I get?

The qualification opens up employment opportunities in a whole host of jobs in the industry, from forensic computing, IT Technician, IT security, web development to database administration.

What do I need to apply

To do this course you should have...

You will need to achieve GCSEs grades 3 - 2 (formerly D-E), including English and maths. Alternatively successful completion of a Foundation Entry Level 3 qualification and have achieved an Entry Level 3 Functional Skill in English and maths.

What about work experience?

You will participate in 30 hours of work experience with a local IT company as part of this Study Programme.
