

The Course

In brief...

This level is suitable for beginners who want to get into the Plumbing industry. After successful completion of this course you could go onto Level 2 Diploma in Plumbing Studies or find an apprenticeship.

What the Course Leads to

What courses can I do after this?

On successful completion of the Level 1; you could progress onto the Level 2 Diploma full time or an apprenticeship Level 2 programme if you find an employer.

What jobs can I get?

As a College Apprentice you will have access to all college resources to help with your training. You will also have a personal training co-ordinator who will work with you and your Employer to help you throughout your training period.

Expect to earn at least £100 per week within your first year of training.

While your technical skills and knowledge will develop over the course of your Apprenticeship, you will also need to demonstrate to your Employer

- Reliability and flexibility
- Good communication skills
- Good organisational skills
- Practical skills
- Ability to carry out routine calculations
- Ability to work in a team as well as on your own initiative

What do I need to apply

To do this course you should have...

You will need to have a minimum of Maths and English qualifications equivalent to a GCSE Grade 2 or E.

What about work experience?
