ReNew Hair and Beauty Apprenticeships

Are you looking for an apprentice for your salon?

We are here for your business

At ReNew Hair and Beauty we offer a bespoke experience for our clients in a unique setting. We are a training provider with a difference and our ethos of working towards ethical and environmentally sustainable practices can help your business too. By training your apprentices to work in a sustainable way they will help you to; keep your water usage down, potentially use less towels, be aware of the associated problems surrounding over-mixing colour, and wasteful use of shampoo/conditioner or styling products.
