How Much is College Going to Cost?

Don't let fees be the thing that stops you from studying with us

At Bournemouth & Poole College we want to remove any barriers for learning and want to make it as easy as possible for everyone. We believe education can change lives, and no one should feel like they can't make positive steps towards this.

There are fees for some of our courses, although these do depend on the level you're studying at and which particular course you're interested in. The information on this page gives a general overview of what you can expect to pay for your course. The individual course pages will have exact fees once these are confirmed each year. There may also be associated costs for certain courses for things like uniform, specialist equipment and educational visits. These will be confirmed with you on enrolment to the course.
