

Fabrication & Welding Apprenticeship Level 3

2022/23

Inspiring Lives, Discovering Futures

The Course

In brief...

This course aims to give practical, on the job training that will help prepare you for your career in the engineering field. You will develop Engineering skills and improve your confidence, effectiveness and efficiency in the business environment.

What the Course Leads to

What courses can I do after this?

Progression at The College to a related Level 2 qualification or to employment or apprenticeship training.

What do I need to apply

To do this course you should have...

You should a minimum of 2 GCSE passes or successful completion of a Foundation Learning programme at Entry Level 3. Applicants should demonstrate an active interest in working in an engineering environment.

International entry requirements

If you are not from an English Language speaking country, you will need to have UKVI IELTS 5.5. We accept a wide range of academic qualifications awarded overseas and use the UK NARIC (National Academic Recognition Information Centre) guidelines for international comparisons. For tuition and accommodation fees please visit www.thecollege.co.uk/international/courses/tuition-fees and our International Operations team can offer you advice and guidance before and during your studies.
