

Marine Electrical Level 1 Evening courses

Inspiring Lives, Discovering Futures

The Course

In brief...

The Marine Level 1 Part-time evening course is an 11 week short course which centres on the City and Guilds 2850-10 Certificate in engineering. You will attend 1 evening week for 11 weeks.

The course will cover electrical and electronic assembly principles. As well as tools, materials and Health and Safety.

Who is it for?

This course is designed to provide a taster of marine electrical engineering. The course has been developed with mature candidates in mind to give them the opportunity to gain a qualification in engineering and to determine if an evening course is suitable before committing to a longer level 2/3 program.

There are no prerequisites for attending this course however a good level of English (Spoken, Written and Reading) is required.

Students must be at least +19 years old.

What the Course Leads to

What courses can I do after this?

Progression from this course can lead to the Level 2 City and Guilds 2463 marine construction systems engineering and maintenance. (Electrical Pathway)

What do I need to apply

To do this course you should have...

There are no prerequisites for attending this course however a good level of English (Spoken, Written and Reading) is required.

Students must be at least +19 years old.

100% attendance is required for this course

Course costs

Costs

This course is fully funded for adults over the age of 19.

Course Content

Course Content

The City and Guilds 2850-10 Level 1 certificate in engineering comprises of 3 units.

Unit 101 Working in engineering

Unit 106 Electronic assembly

Key Information

Duration

11 Weeks

Attendance

Part-time

Level

Level 1

Qualification Name

Level 1 City & Guilds

Awarding Body

City & Guilds

Unit 107 Electrical assembly

The units comprise of both theory and practical elements. Each unit has either a short answer question paper or a multiple-choice online exam, as well as practical assignments to display your skills.
