

Free Online Course - Warehousing and Storage

2022/23

Inspiring Lives, Discovering Futures

The Course

In brief...

The warehousing and storage of goods is an essential part of logistics operations within a business. Roles within this industry require great skill and organisation to coordinate the demand and supply of goods and ultimately meet customer needs.

Please Apply Now using our Online Enquiry Form - Web link

Qualification Name

Certificate

Awarding Body

NCFE

Who is it for?

Whether you're interested in learning for work, career progression or self-development, our range of nationally recognised courses provide a flexible blended approach to your learning.

For each qualification the learner receives a hard copy/learning pack, which contains all the theory and knowledge a learner will need to achieve these Level 2 qualifications. We use an online learning platform known as eAssessor to submit your answers to the course, the course is broken into topics/sections and you submit your studies to your assessor for feedback as you work your way through.
