

EAL Level 3 Award in the Requirements for Electrical Installations BS 7671:2018+A2:2022 (18th Edition) - 2nd Amendment

Inspiring Lives, Discovering Futures

The Course

In brief...

This award gives the learner an understanding of the application of the IET Wiring Regulations 18th Edition. It provides a facility for individuals working in the electrotechnical sector to develop and/or enhance their knowledge of the Requirements for Electrical Installation.

Who is it for?

Personnel involved in the electrotechnical sector such as electricians, designers and inspectors who wish to update their knowledge to the IET Wiring Regulations Eighteenth Edition version 2.

This course is designed for practicing Electricians that need to update to the latest regulations. Please note this is not a fast track course and completing this qualification alone will not make you an Electrician.

What the Course Leads to

What courses can I do after this?

[EAL Level 3 Awards in the Initial Verification and Testing Combined with Periodic Inspection](#)

What do I need to apply

To do this course you should have...

Learners must be at least 16 years old. There are no formal entry requirements for the qualifications. However, learners must have the potential to achieve all aspects of the qualification. In particular, learners should be able to demonstrate that they have the minimum levels of literacy and numerary required for the completion of the learning outcomes and the assessment.

A minimum level 1 Functional skills in English, grade D or above in GCSE English or an IELTS level of 5 or above. If you don't have any of these qualifications, you will need to take a short English test to ensure you are working at the right level in order to be successful when you take your exam for the course.
