

The Course

In brief...

The LEAP Programme is an Entry 3 one year programme for students with moderate learning difficulties. The course aims to develop confidence, teamwork skills and problem-solving abilities, maximising each student's potential through an individual programme relevant to their needs. Students receive high levels of support within small groups.

What the Course Leads to

**What courses can I do after this?**

Students may progress onto the Year 2 Pre Vocational Extended studies programme. The progression course, other college courses, training, employment or supported employment.

**What jobs can I get?**

This course is focused on developing independence, life skills and general work skills with opportunities to experience a range of different work and alternative options that will help you choose the right path for you.

## International Fees

For tuition and accommodation fees please visit [www.thecollege.co.uk/international/courses/tuition-fees](http://www.thecollege.co.uk/international/courses/tuition-fees) and our International Operations team can offer you advice and guidance before and during your studies.

## Associated Costs

Students may need to provide specialist equipment, such as safety boots, for some sessions. A student contribution will be expected towards the cost of the subsidised course residential.

## Course Content

### Course Content

The course structure is negotiated with each individual student depending on their needs and interests but is based around a core structure that includes Functional Skills, Independent skills, Information Technology, employability, cookery and Enrichment. Students are supported through individual and group tutorials.

Students can also choose vocational options from those on offer based upon their primary learning goal.

Depending on availability vocational options on offer include Art, Drama, Floristry, Horticulture, Business enterprise, working in the in house Cafe and participating in Sports Studies,
