Online and On Campus

Online and On Campus – it's the best of both worlds

With a flexible mix of online and on campus learning, finding the time to study alongside work whilst juggling life commitments will never be a barrier to you and your future career again!

Our courses fit with students, rather than the other way around. Because of this, we've joined forces with [Mindful Education](#) to create a new blended learning course to make learning easier for you.

The benefits of studying this way

▶ [Online](#)

With 24 hour access to our virtual learning environment (VLE), learning is quite literally at your fingertips at any time! The VLE has been designed with you in mind. Academics and experts have created course materials including video lectures, animations, exercises and interactive case studies; all on demand to fit around you.

▶ [On campus](#)

Attending classes on campus will give you an opportunity to interact, discuss and debate with fellow classmates. That's not all, you will also learn from our experienced tutors who will be on hand to answer questions and provide guidance on your progress and assessment.

This flexible and fun approach to learning will provide you with an experience like no other, helping to shape your future career.

Courses Available
