Prevent Policy
Preventing violent and non-violent extremism and radicalisation

The purpose of this policy is to:

- Ensure an awareness of Prevent within the College
- Provide a clear framework to structure and inform our response to safeguarding concerns, including a supportive referral process for those who may be susceptible to the messages of extremism
- Embed British Values into the curriculum and ways of working
- Recognise current practice which contributes to the Prevent agenda
- Identify areas for improvement

Who does this policy apply to?
The Prevent Policy applies to everyone working at or attending the College. It confers responsibilities on all governors, College staff, students, agency staff and volunteers, contractors, visitors, consultants and those working under self-employed arrangements.

Policy Statement
The aim of the Prevent Policy is to create and maintain a safe, healthy and supportive learning and working environment for our students, staff and visitors alike. We recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for students. We further recognise that if we fail to challenge extremist views we are failing to protect our students from potential harm. As such the Prevent agenda, will be addressed as a safeguarding concern.

The College has adopted the Prevent Duty in accordance with legislative requirements. However, we will endeavour to incorporate the relevant duties so as not to:

(a) Stifle legitimate discussions, debate or student engagement activities in the local community; or
(b) Stereotype, label or single out individuals based on their origins, ethnicity, faith and beliefs or any other characteristics protected under the Equality Act 2010.

Why do we need this policy?
Background information
Prevent is one of 4 strands of the Government’s counter terrorism strategy – CONTEST. The UK currently faces a range of terrorist threats. Terrorist groups who pose a threat to the UK seek to radicalise and recruit people to their cause. Therefore early intervention is at the heart of Prevent which aims to divert people away from being drawn into terrorist activity.
Prevent happens before any criminal activity takes place by recognising, supporting and protecting people who might be susceptible to radicalisation.

The national Prevent Duty confers mandatory duties and responsibilities on a range of public organisations, including Further Education Colleges, and seeks to:

- Respond to the ideological challenge of terrorism and aspects of extremism, and the threat we face from those who promote these views.
- Provide practical help to prevent people from being drawn into terrorism and violent extremism and ensure they are given appropriate advice and support.
- Work with a wide range of sectors where there are risks of radicalisation which needs to be addressed, including education, criminal justice, faith, the internet and health.

The Government has created a system of ‘threat level’ which represents the likelihood of a terrorist attack in the near future. The current threat level from international terrorism in the UK is severe, which means that a terrorist attack is highly likely.

Our Prevent Policy has five key objectives:

1. To promote and reinforce shared values, including British Values; to create space for free and open debate; and to listen and support the learner voice.
2. To breakdown segregation among different student communities including by supporting inter-faith and inter-cultural dialogue and understanding; and to engage all students in playing a full and active role in wider engagement in society.
3. To ensure student safety and that the College is free from bullying, harassment and discrimination.
4. To provide support for students who may be at risk of radicalisation, and appropriate sources of advice and guidance.
5. To ensure that students and staff are aware of their roles and responsibilities in preventing violent and non-violent extremism.
