Tuition Fees Payment Policy for 2017/18

Tuition Fees and how to pay

The purpose of this policy is to explain the process for paying your tuition fees, the options that are available to make your payments and the sanctions that we apply if you default. It is the legal basis of the contract between us and you for the payment of your fees.

This policy applies to anyone studying on our courses except International Students as there is a separate policy for these students.

How do we set our fees?

When we are setting fees we set them so that:

- We comply with Government rules.
- Each fee is fair compared to other fees in The College.
- They are competitive compared to fees in other organisations.

We usually set our fees before the start of the academic year. Occasionally, this is not possible, but we will never increase the fee for your course after you have enrolled with us.

How will you know what you will have to pay?

We know that paying fees is a big commitment for our students and we believe that we should be very clear about what you will have to pay.

Once we have set our fees we publish them on our website. You can ask us at any time if you are not clear about what we will be charging you.

We will also tell you about any help you may be able to get towards paying your fees, for example, Student Finance Support or instalment options.

Funding options for 19+ year old students

If you are aged 19 or over and you fall into any of the following categories, you may be entitled to government funding to help pay your tuition fees (evidence will need to be supplied to the Enrolment Team when you enroll on your course):

**Please refer to the course information sheets on the College website to ascertain whether your course constitutes a full level qualification.*

When must I pay my fees?

You will tell us how you want to pay your fees when you come to enrol with us. You will not be allowed to enrol until you have either:

- paid all your fees in full, *or*
- paid a deposit and signed a direct debit agreement for the balance, *or*
- provided evidence that another organisation is paying your fees, such as a letter from your employer asking us to send them an invoice, *or*
- provided evidence that you have approval from the Student Loan Company for an Advanced Learner Loan, *or*
- provided the evidence we need to claim Government funding in situations where you do not have to pay tuition fees (we will tell you what to bring if this applies to you).

If another organisation has agreed to pay your fees, but then does not do so, you will become liable to pay them instead. This also applies if you tell us that you have applied for an Advanced Learner Loan but you do not complete your application or if your application is later refused.

How can I pay my fees?

You can pay your fees in the following ways:

- Credit or debit card
- Bank transfer:

Bournemouth & Poole College (Lloyds Bank, Bournemouth) Sort code: 30-91-08

Account Number: 03308206

Reference: Student ID (Please provide the student ID as a reference so that we know where to allocate the payments).

- Cheque (but not a postdated cheque)
- Cash
- HE Student Loan (HE courses only)
- Advanced Learner Loan (Students aged 19+ on a course that is eligible to accept the loan)
- Online (for selected courses)

You can make your payments in the following places:

- At your enrolment session
- By visiting the Enrolment Teams based at the Lansdowne and North Road Receptions
- By telephoning the Enrolment Team on 01202 205611 (credit / debit card only).

Payment terms

If you are under the age of 18 when you enrol, you will not usually pay tuition fees but you may be expected to pay other fees, for example a contribution towards a planned educational visit, books or course materials. If so, you will have been informed about this when you were offered a place at The College and will need to pay these fees in full at enrolment. These fees for 16-18 year olds are non-refundable unless the student withdraws within six weeks of the course start date and has not attended any educational visits, has not utilised any materials and has not taken any books out of the library.

If you are aged 18 or over when you enrol, you may be able to pay your fees in Direct Debit instalments (depending on the cost and duration of the course). If you choose this option when you enrol, you will have to pay 20% of the total fee as a deposit and sign a direct debit agreement for the remaining balance. The agreement will be based on equal monthly instalments, commencing the month after you enrol and the final instalment will be taken before your course is due to finish.

All payments (with the exception of online payments and direct debits) are arranged through the Enrolment Team at The College who can be contacted on 01202 205611 or by visiting the Enrolment desk in the Reception area.

Where fees are payable, any student who has not paid or brought in sufficient evidence at enrolment will not be guaranteed a place on the course. Students retain ultimate responsibility for the payment of their fees, even where they have a student loan or sponsorship agreement in place.

The Student Finance Team is also available to help and advise any student who may be concerned about their payments or about any financial support they could be entitled to. For more information, pop into The Link at both North Road and Lansdowne sites or email studentfinance@bpc.ac.uk

Advice on Funding

You should always tell us straight away if you are having problems keeping up with your payments, particularly if you think that a direct debit request will be rejected by your bank or card company because we always pass on to you any bank charges that we incur. In this instance please contact the Outstanding Fees Team on 01202 205949 (North Road & Fulcrum courses) or 01202 205893 (Lansdowne courses).

If you tell us that you are having problems we will try to help you to make alternative arrangements. If you do not do so and your payments fall behind we will take action against you. Action will start with removing your access to resources and if escalated, this will finally lead to your suspension/exclusion from The College. Your debt will be referred to our external debt collection agency which may lead to Court action being taken against you. This will incur an additional standard 10% charge as well as any other costs involved tracing you in order to recover the debt. However, we will do this only as a last resort and we would prefer to work with you before your account is escalated to our external debt collection agency to ascertain an amicable solution.

Consumer Rights for the 2017/18 Academic Year:

All adult students over the age of 18 are entitled to a 14 day 'cooling off' period, whereby they are eligible for a full refund of fees paid on a 2017/18 course and will not be liable for course fees within the first 14 days from the point that they are offered a place on the course.

Bournemouth and Poole College strives to provide fair and realistic expectations to all of its students and, as such, has made the decision to extend the point from which the 14 day cooling off period commences to the actual start date of the course*. This allows all adult students 14 days from the start date of their course to withdraw without incurring any fee liability. In addition, we will offer a full refund of fees already paid should you decide to leave within this period.

After the 14 day cooling off period you will be expected to accept liability for your fees, depending on the course type, as listed in the Refund and Liability policy below.

Please note this does not mean you have 14 days to pay the fees once the course has started. Fees must still be either paid in full or a Direct Debit must be set up before you start the course.

**This does not apply to courses that are two weeks or less in duration. For these courses the 14 day cooling off period will commence from the point that you are offered a place on the course.*

	More than 2 weeks after the <u>offer</u> date	100%
Category 5 Apprenticeships	Any time	Number of months remaining divided by total month duration

Category 1:

Where a funded course lasts more than 24 weeks, students who withdraw before the course start date or within 2 weeks of the start date will not be liable to pay fees. Students who withdraw 2 to 6 weeks after the course start date will be liable to pay 10% of the fees. After 6 weeks of the course start date, students will be liable to pay 100% of the fees.

Advanced Learner Loan – The Student Loans Company (SLC) will only pay the fees based on the duration of a student’s attendance. If a student decides to withdraw between 2 and 6 weeks from the course the SLC will stop payments to The College. The fee liability amount will only be paid by the SLC once the loan has been approved. If a student decides to withdraw from the course after 6 weeks, the SLC will stop payments to The College and the student will be directly liable for the remaining balance of the course fee. Students who have applied for an Advanced Learner Loan will also be liable for fees under this category if the loan application remains incomplete or is later declined by the Student Loans Company.

Category 2:

Where a funded course lasts more than 2 weeks but less than 24 weeks, students who withdraw before the start date or within 2 weeks of the start date will not be liable to pay fees. After 2 weeks of the course start date students will be liable to pay 100% of the fees.

Category 3:

Full cost courses are courses that are not funded by the government. As a result we rely on the direct payments of students and specific student numbers to run the course. Students who withdraw before the start date or within 2 weeks of the start date will not be liable to pay fees. After two weeks of the course start date students will be liable to pay 100% of the fees.

Category 4:

Where a funded or full cost course lasts 2 weeks or less students who withdraw before the offer date or within 2 weeks of the offer date will not be liable to pay fees. After two weeks of the offer date students will be liable to pay 100% of the fees and will not be entitled to a refund

Category 5:

Apprenticeships – Fee liability is worked out based on the number of months the student attended.

Refunds

If you believe you are due a refund and your situation reflects the conditions stated in the fee liability policy above you will have up to 3 months from your last date of attendance to submit a refund request application. If we believe you are due a refund we will also contact you and send you a refund request form to complete within the 3 months. If we do not hear from you during this time any requests after 3 months will become void and applications for refunds may not be considered.

All refund requests should be emailed to the Fees Team on fees@bpc.ac.uk stating your name, student, ID and course title, as well as the reason/circumstances for requesting a refund. If for any reason you are unable to email, please call 01202 205949 or 01202 205893. You will receive a response within 10 working days advising whether your refund request has been accepted and, if not, the reason(s) it has been declined will be provided. If your request is accepted you will be emailed a refund request form* and it is your responsibility to complete the form and return it to us (the return address will be provided) within 3 months from your last date of attendance.

*If you have paid for a course online and you are entitled to a refund, you will not be required to complete a refund request form as our refund process for these type of payments is automated.

Refund and Liability Policy for HE Courses

Validated Courses for 2017/18

Students funded through an HE student loan are entitled to a 14 day cooling off period from the start date of the course and will not incur any fee liability if they are withdrawn during this period of time.

Where a student wishes to withdraw (or suspend) from their programme part way through the academic year we will adjust the student's liability to the SLC (Student Loans Company) for tuition fees in accordance with the table below. It is the responsibility of the student to initiate any request for adjustment to the fee liability. Any request for reduced liability of tuition fees will be calculated based on the terms set out in the table below and from the official withdrawal (or suspension) date.

Start	Academic Year	Withdrawal dates	Liability %
Autumn (Sep – Dec)	2017-2018	First 14 calendar days from official start date	0%
		From Day 15 of the start date to 31 st December 2017	25%
		From 1 st January 2018 to 31 st March 2018	50%
		On or after 1 st April 2018	100%

		15 - 90 calendar days	25%
		91 - 180 calendar days	50%
		181 calendar days or more	100%

In the event of a student's direct payments and loan receipts from SLC falling short of the liability noted above, the balance of all fees and other charges must be paid to The College immediately. Please note the fee liability amount will only be paid by the SLC once the loan has been approved.

Students who have decided not to take out a student loan must pay in full or pay a deposit of 20% of the course fee before the course start date and enter into a direct debit agreement with us to pay the balance in a number of instalments. The number of instalments will be calculated to achieve full payment by the end of the month preceding the final month of the course. Students in this category will also be liable for a percentage of the fees as listed in the above table.

If another organisation has agreed to pay your fees but then does not do so, you will become liable to pay them instead. This also applies if you tell us that you have applied for a HE student loan but you do not complete your application or if your application is later refused.

Franchised Courses for 2017/18

Students enrolled on a Franchised course please refer to your University's Fees Policy. You will be advised at interview whether your course is validated or franchised and the options that are available to you.

Refunds

In the event of a student's direct payments and loan receipts from SLC exceeding the balance of all fees and other charges due to us a refund may be payable to the student. It is the responsibility of the student or their sponsor to request a refund of tuition fees as a result of their withdrawal or suspension. A student can request a statement of their account with us at any time.

All refund requests should be emailed to the Fees Team on fees@bpc.ac.uk stating your name, student, ID and course as well as the reason/circumstances for requesting a refund. If for any reason you are unable to email, please call 01202 205949 or 01202 205893. You will receive a response with 10 working days, advising whether your refund request has been accepted and if not, the reason(s) it has been declined will be provided. If your request is accepted you will be emailed a refund request form and it is your responsibility to complete the form and return it to us (the return address will be provided) within 10 working days.
